Research

MAHER has a rich research profile. We conduct specialized and targeted research for our diversified clients and produce a quality analysis and critical findings. Our research team provides services to the Non-profit sector, government sector and commercial sector.

For non-profit, we deliver quality research in all governance sectors, including budget study, Transparency and Right to Information, Elections, Legislative Development, and Human rights. Our research in public policy and law is diverse. It covers a wide range of topics that include but is not limited to: Consumers rights, Disability laws and disability rights, campaigns and elections, legislation and legislative history, policies including health, education and Gender policy, Human Rights. We also serve the public, commercial and business sectors with field research, feasibility studies, and opinion survey.

Characteristics of our Research

- Our research follows a systematic approach to capture accurate data. In addition, we always practice ethics and a code of conduct while making observations or drawing a conclusion.
- Our analysis is based on logical reasoning and involves inductive and deductive methods.
- Accuracy is one of the most critical aspects of our research. Therefore, we use multiple stage quality control process to ensure the accuracy of primary and secondary data used in our study.
- Most of our research is action-oriented. These aim to reach a solution leading to the implementation of the findings.
- We ensure strict confidentiality of research participants' data.

Report Writing

We assure you of excellent services in report writing. Our report writers have the right skills and are sensitized to all report writing needs and ethics. We have the best team of highly skilled individuals who are proficient in their English writing skills and know-how to get the job done in the best possible way. We produce business, field, event, and analytical reports with skill and accuracy. Our reports pass through a stringent quality check before handing over to clients. The checks pertain to the accuracy of data, correct use of grammar, plagiarism and proper editing of the matter. We are known for simplicity of our writing, accuracy of facts and conciseness of communication. We can write the following types of reports:

- Case studies
- White papers
- Business plans
- Annual reports
- Special reports
- Position papers
- Progress reports

Business Sector

Through gathering and analyzing market-related information, we support the private sector to take business-related decisions. We are adept in market survey. Our research helps organizations for a greater understanding of a wide range of human and organizational phenomena.

MAHER offers diverse expertise in report writing. We also develop impactful and impressive case studies, success stories and stories of change.

Proposal Writing

Through gathering and analyzing market-related information, we support the private sector to take business-related decisions. We are adept in market survey. Our research helps organizations for a greater understanding of a wide range of human and organizational phenomena.

Take your organization to the next level by professional proposal writing. From identifying the project goals, conducting need assessments, setting program priorities, identifying the target audience, writing program objectives and converting it to a winnable grant proposal, the MAHER team of expert consultants will help you at every stage. The success of a project proposal lies in efficient project design and prudent resource allocation. A poorly designed proposal, even if accepted, becomes difficult to implement in the field. MAHER's experts have a decade of experience writing dozens of successful and unsuccessful grant proposals, and the experience gained through the process will be used to give attention even to the minutest details. If there is a growth opportunity you can't afford to lose, take a wise decision by hiring Maher Consulting for your next proposal writing. We believe in delivering high-quality work. We might need insight into your organization and program areas to write a strong business proposal. Our professional proposal writing experts will do all the remaining work, keeping you in the loop throughout the process.

Whether it's a short concept note or a complex grant proposal, engage with MAHER team to design your project and write a winnable proposal.
