Collaboration of the SAC with the EU to the creation of one common tool: the PEF project

One progressive and collaborative voice for the Industry to accelerate transition towards Circular Economy: The Policy Hub

Mission

- Align the industry's voice around circular economy in the EU.
- Kick-off the development of an impactful and effective policy framework for circular economy in the industry.

Key Messages

1. Leveraging tools already in place
2. Different contributions from different players
3. Keeping the broader environmental picture in mind
4. Creating economic value for Europe
5. Enabling informed choices

Acceleration

Recommendation

- **Support** the creation of a common language.
- **Leverage** the work already done, example at EU level at international level, starting with the EU Product Environmental Footprinting work and the Circular Economy conversation.
- **Align** with existing platforms and the industry.
